Alternative Urgent Treatment Centre:	Beverley Urgent Treatment Centre, East Riding Community Hospital, Swinemoor Lane, Beverley HU17 0FA (8am–8pm)
Non-emergency advice:	NHS 111

A. MEDICAL EMERGENCY OR SERIOUS INJURY

1. **Stop play** and make the area safe. Do not put yourself or others at risk.
2. **Assess the casualty** and give first aid within your training. If the person is unresponsive and not breathing normally, start CPR and send someone for the defibrillator (wall by the Tea Bar).
3. **Call 999** if in any doubt. Give the address and postcode above, the casualty's age and what happened.
4. **Send an adult to the main gate** to meet the ambulance, and keep the yellow hatched route clear.
5. **Contact the parent/carer** (for under-18s and adults at risk) using the emergency contact details held for the team.
6. **Never leave a child alone.** If a child goes to hospital before a parent arrives, a DBS-checked coach or team official goes with them; ensure the rest of the group remains supervised.
7. **Inform the Health & Safety Officer** (Paul Richardson, 07775 916403) as soon as practical and the same day.

B. FIRE, EVACUATION AND OTHER CRITICAL INCIDENTS

- **Fire or evacuation:** raise the alarm, call 999 and evacuate everyone to the **assembly point: the garages on Kinloss Garth, on the left-hand side outside the main gates**. Take a head count against the session register. Do not re-enter until told it is safe.
- **Thunder and lightning:** stop play as soon as thunder is heard or lightning seen, clear the pitches and shelter. Do not resume until 30 minutes after the last thunder or lightning.
- **Missing child:** keep the rest of the group supervised, search the site immediately and contact the parent/carer. If the child is not found within 15 minutes, or there is any concern for their safety, call 999 and inform the Club Welfare Officer.
- **Safeguarding concern arising during an incident:** report to the Club Welfare Officer (Alex Seddon) without delay, or to the CIO Safeguarding Officer if unavailable (KS-SP-01). If a child is in immediate danger, call 999.

C. AFTER THE INCIDENT

- **Record it:** complete an accident/incident report within 24 hours and send it to the Health & Safety Officer. Near misses must be reported too (KS-HS-01).
- **Investigate and learn:** the Health & Safety Officer reviews every report to find the cause, updates the relevant risk assessment and, where appropriate, the risk register (KS-RM-01).
- **Escalate serious incidents:** serious incidents are reported to the Board of Trustees and, where required, to the Charity Commission, the league/County FA and the club's insurers.
- **Follow up:** check on the injured person and their family, and offer support to anyone affected.

D. CONFIDENTIALITY AND INFORMATION

- Medical and emergency contact details are held securely by each coach for their own team and shared only with the emergency services or medical staff when needed (KS-DP-01).
- Do not share details of an injury or incident on WhatsApp groups or social media. Information is shared on a need-to-know basis only (KS-CO-01).
- Incident and safeguarding records are stored securely and retained in line with the Data Protection Policy.

E. TRAINING, DISPLAY AND REVIEW

- Each team should have at least one coach/manager with a current first aid qualification present at every session and fixture.
- Coaches walk through this plan at the start of each season, and an emergency drill is run at least once a year (KS-HS-01).
- A copy is displayed at the Tea Bar and kept in every team first aid kit.
- The Health & Safety Officer reviews this plan annually, after any serious incident, and whenever contacts, facilities or venues change.

***Safe** is one of our five club values, alongside Fun, Excellence, Family and Inclusive. Everyone at Kingswood United – coaches, volunteers, parents and players – shares responsibility for keeping each other safe.*
