2. THE CONTINUOUS SAFEGUARDING CIRCLE

CORE ENGINE: KINGSWOOD GOOGLE DASHBOARD & TRACKER The centralised, secure platform replacing linear logs to guarantee unbroken monitoring	
PHASE 1: RECORD INCIDENT	• Log row in spreadsheet. Allocate sequential Case ID. • Triage level: ○ Club Level (Green), ○ County FA DSO Advice (Amber), ○ or Statutory Agency Escalation (Red).
PHASE 2: RECORD SOLUTION	• Input findings, actions taken, and child's voice. • If systemic, cross-log to Risk Register with dynamic formula (Likelihood × Impact).
PHASE 3: CHECK….CLOSE CIRCLE	• Mandatory audit before status changes to 'Completed'.

	• Verify entry execution, actions fulfilled, and loop validation from Lead CWO.
PHASE 4: SHARE INFO	• Perform explicit check-off of communication loop: ○ parents/carers, social services, internal committee officials (on need-to-know basis).
